

## THE MORNING APPEAL.

The Official Paper of Ormsby County  
WEDNESDAY.....MAY 1

### ALL SORTS.

Dwyers horse Banquet won the big Newmarket race in England yesterday.

Downey is now doing all kinds of upholstering work in a workmanlike manner.

The Democrats in the Missouri Legislature have declared for free coinage. Ratio, 16 to 1.

Leslie Bell is now renting bicycles at 25 cents an hour, and expects a lot of new ones to arrive soon.

The bloomer bicycle costume for ladies appeared on the street last evening. Miss Irwin was the young lady who made the sensation.

The late rain storm throughout California and Nevada was general and it has been very beneficial to both States. It assures a bountiful harvest in California.

Dispatches state that the Colima volcano of Mexico is again in active operation, and the inhabitants of the valley have been forced to flee for their lives. Molten lava and ashes have destroyed the growing crops and much valuable property.

Some high society people in Kentucky had a shooting scrape yesterday because a Mr. Gordon caught a Mr. Brown with his wife. Nine shots were fired. Mrs. Gordon was instantly killed, Brown mortally wounded and Gordon slightly wounded.

Sam Davis claims that he can furnish better reports of the examination with closed than with open doors. His imagination has full sway, and there is no danger of being called down by citation of facts.—Enterprise. If yesterday's Enterprise reports are a fair sample of its work in the Mint case, the APPEAL can furnish better reports with closed doors, closed ventilators and closed ears and eyes. The Enterprise isn't even a good guesser.

Bill Cook, the outlaw, was in St. Louis the other day on his way to the Albany penitentiary. In an interview he said: "Public sentiment has been aroused against me, and I fully believe there will be a reaction." That sounds just like a gold-bug talk. It sounds so honest.—Salt Lake Tribune. Cook unlike the gold-bugs had to see the utter folly of his assertions, and in sheer disappointment blew out his brains. May the gold-bugs take the same course.

### Neither Knew.

Beck denies that Heney sold him amalgam as the Tribune stated, and the Tribune promptly corrects its statement. This shows that the Tribune lacks confidence in its own reports.

The Tribune was right in the first place but didn't know it.

Beck treated gold amalgam received from Heney and didn't know it.

### For Over Fifty Years.

Mrs Winslow's Soothing Syrup, has been used for children teething. It soothes the child, softens the gums, always all pain, cures wind colic, and the best remedy for Diarrhea. Twenty five cents a bottle.

Now is the season of the year when you lay in your supply of wall paper. John G. Fox has some new designs and such a variety on hand that you cannot help be satisfied.

### Clothing! Clothing!! Clothing!!!

John Henderson, representing Wanamaker & Brown Phila. and Hart and Oberndorf of Chicago will be at the Arlington House on April 30th and remain a few days, has a magnificent variety of samples of men and boys' clothing and furnishing goods.

## THE MINT INVESTIGATION.

### HENEY'S IDENTITY FULLY ESTABLISHED.

The Case over on Motion of the Defense Until May 10th.

Yesterday's session of the Mint investigation was very short, not occupying much over half an hour.

There having been some doubt raised as to the identity of Heney, C. T. Bender of the Reno Bank testified that Heney cashed five checks at the Bank, given in payment for bullion, and these checks and the photograph of his signature were in evidence.

Mr. Hofer then testified that the signatures to the checks were those of James Heney and corresponded to his signature on the pay rolls of the Carson Mint books. The defense then asked for a continuance of the case until May 10th. Mr. Jones on behalf of the Government objected to the continuance, as he wished to introduce more testimony. After some argument the continuance was granted.

### Carson Athletes.

Will Davis late of the APPEAL office, won the first prize at a Stockton athletic contest, throwing the heavy hammer. He frequently won the same prize at similar contests in this State.

Matt Kinckle, also of this city, won the jumping contest, making a record of 10 feet 6 inches, within 4 inches of the world's record.

Some years ago when Will Davis attended school at Benicia he was informed that every new man had to fight some one in order to get a standing in the class. Will declined on the grounds of not wanting to row with people. He was then informed that he would be posted on the campus as a rank quitter, coward, etc. He then remarked after a few moments of inward cogitation: "Trot out your boss fighter."

The boss was trotted out and the first blow he got under the ear put him to sleep for about twenty minutes. After several pails of cold water were cast over his countenance he came to, and, as was the custom of the institution, extended his right hand and congratulated the victor.

"You must be boss up in Nevada," he remarked.

"No indeed," was the reply, "everybody licks me up there."

### For Silver.

Salt Lake, April 29.—A conference of prominent silver advocates will be held in this city on May 15th, to secure united action looking to the effective placing of bimetallic literature in the hands of the voters throughout the Union. Representatives are expected to be present from California, Oregon, Washington, Nevada, Idaho, Wyoming, Arizona, New Mexico and Utah.

The Governors of the States and Territories mentioned will lend their aid by naming delegates to attend the conference. Governor McConnell of Idaho, urges the necessity of having delegates who will earnestly undertake the work of raising funds for the bimetallic cause. It is impossible to foresee to what extent the silver fever of the country will stimulate subscriptions, but the probabilities are in favor of considerable money being forthcoming.

### Illegally Collected.

L. Burk was arrested yesterday on the charge of peddling without a license. He was selling cigars from samples. He was in a hurry and made no defense. Hawthorne fined him the amount of the license and costs, in all \$12.50.

There is no law by which a drummer selling by sample can be made to pay a license in Nevada. The best thing the city authorities can do is to send a man down to the train this evening when he returns from Virginia City and refund the money. If they don't the city will have a lively damage suit on its hands.

### The Parson's Gig Smashed.

Yesterday afternoon about quarter of four, Rev. Davis' wife was crossing the railroad track in a gig when a blast from the engine started the horse and the animal swerved into a telegraph pole opposite the Mint corner. The gig was smashed to flinders and Mrs. Wilson, who was in the rig with Mrs. Davis, and Mrs. Davis were both thrown out, but neither sustained any injuries.

The Pope has given instructions to the Propaganda to formulate a new plan for the conversion of Japan. At present the Japanese are filled with the thought that they are a little better and much more powerful than the angels themselves, and with this thought in their minds their conversion will be next to impossible.

## RECKLESS CONTEMPORARIES

How They Peddle out Miscellaneous Misinformation to the Public.

Mr. Hofer testified that his deposit in the Bullion and Exchange Bank, some time before this, was about \$21,000, consisting of Wells Fargo checks, money and stocks.—News.

Mr. Hofer testified to nothing of the kind. What he did testify to will be found in yesterday's APPEAL, and that is to the effect that Jones had \$200 in money and 200 shares of Con. Virginia to his credit when his account was taken up by the bank. His entire transactions amounted to about \$21,000.

The News fell into the error of copying its Court reports from the Tribune, and was thus misled. Because, as the Enterprise alleges, it cannot get the truth from the Carson papers, has sent a special reporter here at great expense and inco.

A specimen of his work appears in yesterday's Enterprise, when he says that Beck swore he treated \$33,000 worth of bullion from Heney. Beck swore to \$23,000 and has always stuck to it. What Beck would swear to appeared in the APPEAL about ten days ago and the amount was correct. Again the Tribune a few days ago mentioned the shortage as having reached \$222,000 and the Associated Press reporter relying on this misstatement, wired it to San Francisco, and the Examiner and Chronicle telegraphic agents did the same. Such a report is substantiated by no testimony so far introduced and thus the reckless reporters of our State and Bay contemporaries have made discoveries which Inspector Mason knows nothing of.

While our contemporaries are publishing daily, a miscellaneous assortment of misinformation regarding the testimony, they join in chorus against the APPEAL and charge it with manufacturing the testimony. Mr. Mason the principle witness for the Government says that the APPEAL's report of his testimony was correct. Mr. Hofer the ex-Superintendent says the same. Mr. Adams and Mr. Harris also fall in line and so does Detective Gallaher.

If the public will save the files of the Nevada papers and compare the reports of the present hearing with the public trial, they will soon be able to find who has reported the examination nearest the correct mark.

### Harris and the Shortage.

The defense is now trying to slide the shortage onto Harris, the present Melter and Refiner.

In other words they want the public to understand that Harris after stealing \$75,000 reported the same to Superintendent Adams, and demanded an investigation. Looks plausible don't it?

Some months ago George Brown of this city died, and a few days after the funeral Mr. Harris called on Browns daughter and paid her \$200 he had borrowed from Brown.

The lady was quite surprised. She knew of no such loan. No one knew it but Harris. He borrowed the money on his word and gave no note.

Brown was dead, the only man who knew of the obligation was Harris and he came forward and paid it.

Is this the sort of a man who steals bullion from Uncle Sam.

Governor Matthews says that he would accept the Democratic nomination for President, if tendered him. If he should receive it it is all that he would ever get.

Downey is now selling all kinds of carpets at San Francisco prices freight added. You can't call for anything in his line, carpets, furniture or bric a brac that he can't furnish at hard time rates.
